

Master's thesis deadlines

 Status	Aa Task name	 Due
Not started	✗ <u>Finalize thesis structure and objectives, refine research question</u>	@March 15, 2025
Not started	✗ <u>Literature review for key methods - collect and review key papers on video segmentation, reasoning for images, and related models like VideoLLAMA and Segment Anything 2.1.</u>	@March 31, 2025
Not started	✗ <u>Literature review for additional concepts - instance segmentation models, open-vocabulary instance segmentation</u>	@April 10, 2025
Not started	✗ <u>Start drafting the introduction chapter, including problem statement, objectives, and research questions.</u>	@April 20, 2025
Not started	✗ <u>Research and identify potential datasets for video segmentation or similar tasks</u>	@May 10, 2025
Not started	✗ <u>Continue literature review - MMLLMs. Start outlining the contribution and significance of your research.</u>	@April 30, 2025
Not started	<u>Research and identify potential datasets for video segmentation or similar tasks</u>	@May 10, 2025
Not started	<u>Continue dataset collection - download and preprocess the data. Ensure everything is in the right format, size, etc.</u>	@May 20, 2025
Not started	<u>Complete the introduction and literature review sections of my thesis</u>	@May 31, 2025
Not started	<u>Finalize dataset preparation — Ensure all the data is clean and ready for training. If necessary, generate masks and prompts for training.</u>	@June 10, 2025
Not started	<u>Develop the model pipeline (input: video + text prompt, output: segmented video with mask).</u>	@June 20, 2025
Not started	<u>Train the model on sample data and start debugging/optimizing.</u>	@June 30, 2025

 Status	Aa Task name	 Due
Not started	<u>Finalize the model's functionality and write script to measure metrics quality.</u>	@July 15, 2025
Not started	<u>Start writing the Results chapter, including testing results, evaluations, and model performance metrics.</u>	@July 30, 2025
Not started	<u>Revise and finalize the Results chapter.</u>	@August 15, 2025
Not started	<u>Write the Discussion chapter, comparing your results with prior work, highlighting strengths and weaknesses.</u>	@August 30, 2025
Not started	<u>Complete writing the Conclusion chapter, summarizing findings and suggesting future directions for research.</u>	@September 15, 2025
Not started	<u>Finalize and polish the entire thesis, including all chapters and references.</u>	@September 30, 2025
Not started	<u>Full review of thesis — check for clarity, consistency, and flow. Make any necessary edits.</u>	@October 15, 2025
Not started	<u>Submit thesis for the first review for feedback.</u>	@October 31, 2025
Not started	<u>Add feedback comments, finalize thesis formatting and citations</u>	@November 15, 2025
Not started	<u>Review thesis one more time, ensure all document design is according to university standards, and ensure it meets submission guidelines.</u>	@November 30, 2025
Not started	<u>Final proofreading and minor adjustments.</u>	@December 10, 2025
Not started	<u>Prepare for submission (blind review requirements, print copies, etc.).</u>	@December 20, 2025
Not started	<u>Submit thesis</u>	@December 31, 2025
